Locking Rack Storage Drawer *RDRW Series*

Secure, lockable storage drawer that keeps tools, documentation, and accessories organized and protected inside your rack.

TAA COMPLIANT

EIA STANDARDS

MANUFACTURED IN NORTH AMERICA

RoHS

Key Features and Benefits

- Constructed from 14 and 16-gauge steel with load capacities up to 145 lb (66 kg) in 4-post installations and 60 lb (27 kg) in 2-post racks, providing secure storage for tools, test equipment, spare parts, documentation, and other valuable accessories.
- Available in 2U, 3U, 4U, 5U, and 7U heights with 12-inch and 22-inch depths, allowing you to choose the right drawer size for your application.
- Heavy-duty sliding drawer provides smooth operation while keeping contents protected and easily accessible.
- Includes a front locking pull handle, keyed lock, and two keys to help secure sensitive tools, media, test equipment, or documentation.
- Complete assembly includes the drawer, slides, mounting hardware, rear support brackets, and 6-pack of 10-32 rack screws for quick installation.
- Rear support brackets are included for every model and can be mounted directly to the rear rack rails for added stability.
- Compatible with standard 19-inch EIA-310-E racks and cabinets, making it suitable for new installations and retrofit projects.
- Available in textured RAL9005 black or RAL7035 light gray powder coat finishes to match a variety of rack environments.
- Manufactured in North America, ensuring consistent quality, materials, and production standards.
- TAA-compliant, manufactured in North America within an ISO 9001 certified facility.
- Black and light gray powder coat finishes (GREENGUARD Gold Certified, TSCA, and RoHS compliant) provide a durable, environmentally responsible finish.

The RDRW Series Locking Rack Storage Drawer provides secure, convenient storage for tools, documentation, spare parts, laptops, and other equipment directly inside a standard 19-inch rack or cabinet. With multiple heights and depths available, the drawers help maximize unused rack space while keeping essential items organized, protected, and readily accessible.

Constructed from heavy-duty steel and equipped with smooth sliding rails, a keyed locking handle, and rear support brackets, the RDRW Series is designed for demanding IT, industrial, telecommunications, and AV environments. Manufactured in North America, it offers a practical storage solution for keeping valuable equipment secure and close at hand.

Accessories

- Hardware for Rack Mounting Solutions
- Rack Equipment Installation Tool
- Wing Knob Latch

Where the RDRW Series Works Best

- Data centers and server rooms.

Best Applications for the RDRW Series

- Storing network tools and test equipment.

- Network and telecommunications facilities.
- Industrial automation systems.
- Broadcast and AV installations.
- Security and surveillance systems.
- Service and maintenance environments.
- Securing backup media, documentation, and manuals.
- Organizing patch cords, adapters, and spare hardware.
- Protecting laptops, tablets, and diagnostic equipment.
- Keeping installation supplies readily available inside the rack.
